Ceramic for table tops

Ceramic is a 100% natural product. It does not contain any organic pigments and is thus resistant to UV rays, so it's perfectly colour stable. Ceramic as a material is highly abrasion resistant.

WARRANTY 5 YEARS

MANUFACTURED IN EUROPE / ALL MATERIALS FROM EUROPE

IMPORTANT:

Extra anti-corrosion treatment of stainless steel:

When placing furniture in location close to the **sea shore or covered chlorinated swimming pools** an extra anti-corrosion treatment is recommended. The high level of salt reduces the resistance to corrosion of stainless steel. Disregard of this recommendation voids the guarantee. **Extra anti-corrosion treatment supplement is +10%. Only needed for brushed stainless steel. This treatment is not needed for powdercoated stainless steel or aluminium.**
